

# A PICTURE TELLS A STORY

- Describe a photo with at least two people in it.
- Explain the relationship, the routine and what is happening now.
- Include why the moment is important or different.
- Use 80 words

# EXAMPLE

In the picture, I am standing with my cousin and my neighbour outside our building. We usually meet quickly to talk, but on this day we are spending more time together because my neighbour is moving to a new flat. My cousin normally avoids helping, yet he is carrying boxes and giving advice. This moment matters to me because our routine is changing and we are supporting each other. It shows how relationships can feel stronger during meaningful changes together.
